

January 19, 2026: On Pretending to be God

I am recording that an ongoing 'theme' of the harassment that I am facing from inside of the USA government at the command of Donald Trump and the Republican Party is that they are portraying themselves as being 'God' in the work that I am producing.

I am specifically documenting that at 1:50 a.m., as I work on my daily work product, their team is continuing to express itself as 'God' when I am writing about 'God' in my work.

Their claim to being God is apparently based upon the Might of the American military and the ability to watch people in their homes using sophisticated spying technology - neither of which entitles them to come even remotely close to such an important claim to power.

This is the very definition of Satanism. This is the pretender himself pretending to be God, while actually guiding himself by his own personal desires without any control or morality.

When you read the philosophical descriptions of all of this information, the pretender is 'Wearing the Stolen Aura Cloak' of the real God and is parading around the world destroying things for their own benefit - in the name of God.

This is Nazi-ism. This is adopting oneself as the endless being while suppressing, harassing, and oppressing the end-less growth of the wisdom of God.

I cannot be more clear in how alarming of a revelation this has been to me and should be for you as well.

THE UNITED STATES MILITARY (THIS IS NOT LIMITED TO DONALD TRUMP HIMSELF) IS PORTRAYING ITSELF AS A SATANIC GOD OVER THE WORLD.

THE UNITED STATES MILITARY IS EXERTING ITSELF WITHOUT CONSTRAINT INTO EVERY ASPECT OF MY HOME LIFE AND IS NOT SIMPLY 'WATCHING OVER' MY HOME BUT IS ACTIVELY DISRUPTING OUR PEACE, OUR GROWTH, AND OUR ABILITY TO HAVE A NORMAL EXISTENCE.

World, I brought this information to you at a great cost to my personal and familial well-being.

The United States government is taken by Nazis.
